RE: Hollister Sprayfield and SBCWD RWP EIR

Dear Ms. Pilas-Treadway;

Analytical Environmental Services (AES) is conducting a cultural resources assessment in support of Section 106 for the above referenced project. We would like to request a check of the Sacred Lands files for the project area, and a list of appropriate Native American contacts for consultation regarding the project site.

The overall project area is located northwest of the city of Hollister, Santa Benito County, California within the Bolsa de San Felipe and San Justo land grants, in T12 South, R4 and R5 East, MDBM, on the Hollister and San Felipe USGS 7.5' Quads. The subject parcels are located throughout the western Hollister area, as depicted on the attached map.

If you have any questions or concerns, or need more information, please feel free to contact me directly. Thank you for your assistance in this matter. Results may be faxed to the number below.

Sincerely,

Damon Haydu
Cultural Resources Specialist

Re: Proposed Hollister Sprayfield and SBCWD RWP EIR, San Benito County.

Dear Mr. Haydu:

A record search of the sacred land file has failed to indicate the presence of Native American cultural resources in the immediate project area. The absence of specific site information in the sacred lands file does not indicate the absence of cultural resources in any project area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Enclosed is a list of Native Americans individuals/organizations who may have knowledge of cultural resources in the project area. The Commission makes no recommendation or preference of a single individual, or group over another. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated, if they cannot supply information, they might recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe or group. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from any of these individuals or groups, please notify me. With your assistance we are able to assure that our lists contain current information. If you have any questions or need additional information, please contact me at (916) 653-4038.

Sincerely,

Debbie Pílas-Treadway
Environmental Specialist III
